ASTF Ambassador

Charter of Mission and Code of Conduct

Preliminary statements

ASTF Foundation is a nonprofit non-governmental organization (NGO) that works regionally and internationally to encourage investment in Science and Technology in the Arab World.

As ASTF naturally belongs to its members, it strongly encourages them to contribute to the development and growth of the Foundation and its related activities. In order to promote that, a special status recognizing individuals showing more engagement has been created as **Ambassador**.

The status of Ambassador is for those who want to contribute actively, along with the Board team, achieving the Foundation objectives. Ambassador will represent and promote ASTF in his region and/or in his field to expertise. Thus, it is expected that the Ambassador is ready to allocate a part of his time to these activities.

Main Missions of an Ambassador

- Representing and Promoting ASTF
 - Talk about ASTF within your network
 - Invite people matching ASTF values to join the Foundation and to attend its events
- Organizing and/or supporting the organization of the events within your region
- Support the Fund Raising activities
- Making ASTF becoming a real living entity in your region

Criteria to become an Ambassador

- Significant achievements in the scientific and technical fields
- Welling to contribute achieving ASTF mission
- Active participation in ASTF activities
- Endorsement: Being endorsed by a Board Member or another Ambassador. The final decision on the nomination will be taken by ASTF Executive Committee

Ambassador tools and vehicles:

- ASTF e-mail address
- Participate in Meetings and Teleconferences, as needed
- Moderator of events
